Description

FW24 series is a narrow bodied, versatile, and durable fluorescent wrap fixture. This fixture operates two lamps and as a standard feature comes with a Howard ballast.

Features

Construction

- Die-formed code-gauge steel
- High gloss, baked enamel finish
- High quality lamp holders
- NEC compliant luminaire power disconnect standard

Diffuser

- Prismatic 100% Acrylic wrap-around lens
- Injection Molded
- Industry Standard #8 Pattern minimizes lamp image for more uniform appearance
- Ribbed side prisms control surface brightness
- Interlocking attachment prevents accidental removal
- Diffuser designed to hinge from either side allowing for easy maintenance

Installation

- Shipped fully wired with Howard ballast
- Shipped fully assembled
- Easy access to wiring compartment and ballast via tool-free removable ballast cover
- Numerous knockouts on side, back, and ends
- Flexible mounting options: surface mount, pendant mount, individual or continuous run

Ballast

- Electronic, Inherent Thermal Protection, Class P, Sound rated A
- UL Listed

Fixture Listing

- UL Listed

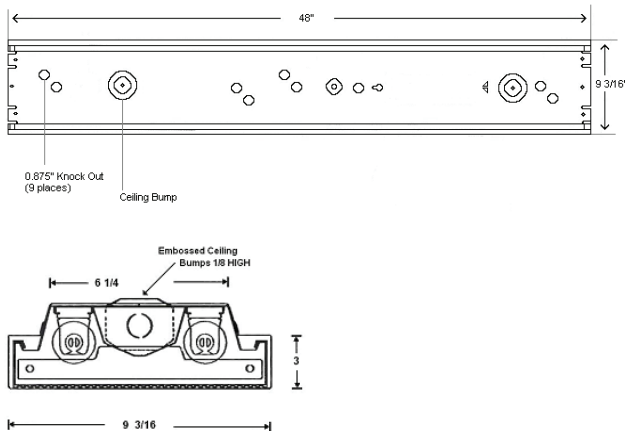

Quality Assurance

- System Designed, Tested, and Approved in Mendenhall, Mississippi

Applications

For use in industrial and garage applications as well as kitchens, offices and storage rooms.
