

Night Owl

Security / NEMA Head Lighting

The NO1 "Night Owl" is an LED energy saving cost-effective solution to replace 100 and 150 watt HID (HPS & MH) NEMA Heads.

Features: To access the driver compartment, surge suppressor, terminal block and mounting brackets; there is a tool less entry door that opens from the bottom side of the housing. The optical compartment is IP66. An optional tool-less refractor is available with or without a glare shield. The casting has integral tilt-adjustment steps \pm 5degrees, optional seven (7) pin photo control receptacle and two bolt mounting that accepts 1-1/4" to 2" tenon arms.

Construction:

- Heavy duty die-cast aluminum housing
- Corrosion resistant (stainless steel) hardware
- Tool-less entry
- Three (3) station terminal block up to #6 AWG
- Mounting is adjustable for arms from 1-1/4" to 2" NPS (1.625" to 2.375" O.D.)
- Integral tilt-adjustment steps \pm 5 degrees
- 3G vibration rated (ANSI C136.31)
- IP66 rated optical chamber
- Self cleaning heat sink
- Weight 9 lbs
- Effective Projected Area (EPA); 0.67 – 1.5 sq. ft.

Optical:

- IP66 rated optics enclosure
- Glass lens
- Standard 4000K (optional 3000K)
- 70 CRI
- Type V light distribution
- No uplight without refractor
- Optional tool-less drop acrylic lens
- Optional tool-less drop acrylic lens with built in glare shield

Performance Ratings:

Input Wattage	Lumen Output
50W	6000 Lm
70W	7200 Lm

Electrical:

- Driver power factor is 90% minimum
- Driver maximum THD of 20%
- Driver voltage 120-277v (50/60Hz), non-dimming standard with 3 pin photo control receptacle
- 0-10v dimming driver is standard with 7 pin photo control receptacle
- Electronic driver has an expected life of 100,000 hours at 25C ambient.
- Standard NEMA 3-pin twist lock photo control receptacle
- Optional NEMA 7-pin twist lock photo control receptacle
- Standard with 10kV/10kA surge protection (meets or exceeds ANSI/IEEEC62.41)
- Optional 20kV/20kA surge protection
- Suitable for ambient temperatures from -40C to +45C
- 86% lumen maintenance greater than 36,000 hours per IESNA TM-21

Certification Ratings:

- UL, cUL listed, suitable for wet locations
- 3G vibration rated (ANSI C136.31)
- IP66 fixture and optical enclosure (per ANSI C136.25-2009)
- LM79/LM80 compliant
- RoHS compliant

Warranty:

- 10 year standard warranty

Accessories:

- 20kV/20kA surge protector as option
- Optional Long-Life photocontrol
